

## gardening HOW-TO

July/August 2011

### GARDENGEAR

## summer style

Keep yourself—and your garden—calm, cool, and collected this summer with some fun new gear.

The U Can takes multipurpose to a whole new level, with a storage compartment for fertilizer, a measuring spoon, a measuring cup, and even a date dial. **U Can**, The UCAN Brand LLC, \$19.95

If you love cute, quirky gardening gadgets, Petal Drops is for you. The flower-shaped funnel screws onto a water bottle and captures rain. When it's full, just remove the top and pour. **Petal Drops**, Quirky, \$5.25

Slip on a DEET-free BugBand wristband and enjoy the outdoors—minus the bites—for up to 120 hours. **BugBand** wristband, BugBand, \$4.95

Squeeze it, squash it, smash it—the Crusher Hat will bounce back to its original shape. It also saves your skin with built-in UPF 50+ protection. **Crusher Hat**, Duluth Trading Co., \$29.50
