NEW CLOTHES From Duluth

Duluth Trading Company, one of the few retailers of women's outdoor work wear, now offers cargo pants made from its trademark Fire Hose cotton canvas material. With a total of nine pockets, these pants offer all the space you need for working around the farm and ranch. They are made of water- and stain-resistant 8-ounce Fire Hose cotton canvas that is pre-washed for softness.

The fabric is flexible with enough stretch for easy movement. Figure-friendly fit details like a contoured waistband and a trim fit come together for comfortable pants that work hard.

Retail price: \$49.50

Duluth also offers men's pants. Its Cool Dry Fire

Hose Pants are 30% lighter than similar pants, abrasion resistant and triple stitched. The breathable Fire Hose material wicks moisture better than pure cotton or polyester. Hidden elastic at the side waist completes the fit. The pants also feature 10 pockets, including larger patch pockets and utility straps on both sides. Retail price: Pants: \$54.50; Shorts: \$44.50.
